LEDП is home to a wide ranging and diverse group of Companies and Businesses.

We are a charitable trust company with the objectives of Employment Skills Training, Education & Community Development. LEDП is actively engaged in supporting Innovation in Community & Education.

LEDП Innovation Hub

We are delighted to announce that our new state of the art office facility is ready for tenants. This is a large Class A (35,000 sq ft) easily configurable, newly refurbished commercial office space filled with natural light and with access to the MAN bringing uncontended broadband.
LEDPM Innovation Hub

The property comprises a large ground floor office unit extending to 3,251 sq. m (35,000 sq. ft) which is contained within a larger office/enterprise development.

The offices have been recently refurbished and are currently ready for tenant fit-out works. There is a high level of natural light throughout the office space and the development has the benefit of an on-site café facility. The property is located to the front of the Limerick Enterprise Development Park and has frontage onto the R509 – Childers Road, Limerick. The office overlooks the surface car parking area to the front of the overall development and access to the property is provided directly from there and also through a communal corridor within the overall office/enterprise development.

Benefits

- Unique opportunity to let ground floor Class A office unit extending to approximately 3,251 sq. m (35,000 sq. ft)

- Office ready for tenant fit-out and the Park has the benefit of on-site café facility

- Strategically located on the outskirts of Limerick City and a three minute transit time to the motorway which services Shannon International Airport within 20 minutes. The Motorway is also the access for the main Dublin, Cork and Western routes, with the Capital City located less than a two hour motorway drive from door to door

- On-site car parking available
Corporate Social Responsibility (CSR)

Find your Ideal New Office Lease and Maximise your Businesses Societal Engagement at the Same Time.

LEDP was founded as a Charitable Trust Company in 1999 after the closure of the Krups factory. It comprises seven partners with founding objectives of Economic, Social and Educational development of the city and its environs.

The partnership owns and manages a 16 acre site in suburban Limerick that provides unrivalled access to Major infrastructure both Physical and Technological.

The unique nature of the park allows sustainable synergies to exist between commercial, retail, community and social entities while allowing financial surpluses to reinvested.

A modern commercial hub has now been created, one with a difference, one that facilitates the actioning of a corporate social responsibility charter for potential Clients that have a strong emphasis on CSR. All of this available in a 35,000 square foot modern Class A Office Accommodation.
LEDPS for Education

LEDPS is home to several exciting Educational Initiatives.

University of Limerick Access Campus
The Access Campus is based at LEDPS and aims to make the University of Limerick accessible to all parts of society through supporting "fun to learn" initiatives. Since 2002 the Access Campus Programme at LEDPS has had over 400 students taking part.

The Family Tree Crèche
The Family Tree Crèche based on site at LEDP offers childcare facilities for children from the LEDP Business Park and the Local Community. It is located in a custom designed building.

Hospitality Training Centre
The Hospitality, Education & Training Centre as part of the newly established Limerick & Clare Education and Training Board (LCETB) run a range of day and evening courses.

ILEN Boat Building School
The Ilen Company is committed to providing men and women of all ages with quality experience and training in fine wood working and traditional wooden boatbuilding skills.

The Coiscéim Centre
Coiscéim is a temporary early school leaving prevention programme. It works closely with mainstream secondary schools in Limerick City and Environ. It aims to help address the problem of early school leaving in the Junior Cycle Years.
